CLEAN kWAT

**Integrating Environmental
Considerations into Energy
Systems Development**

Erasmus + KA2

**Cooperation and Innovation for
Good Practices**

This Project has been funded with
support
from the Turkish National Agency
Project no: 2016-1-TR01-KA202-033958

Funded by the Erasmus+ Program of the European Union.
However, European Commission and Turkish National Agency
cannot be held responsible for any use which may be made of
the information contained therein.

WHAT IS CLEAN-kWAT?

It is international Erasmus+ KA2 project that gathers experts in education and renewables from Turkey, Spain, Hungary, Serbia and Germany

WHY SHOULD I JOIN?

You can learn more about conventional and renewable energy systems and their environmental impact and become more ready for the demanding job market.

WHY IS THIS TOPIC SO IMPORTANT?

Young engineers in energy sector experience lack of knowledge on environmental aspect of different energy systems, which is highly required and crucial for sustainable future

Erasmus+

WHAT ARE THE RESULTS?

Our most important results are:

TRAINING BOOK

on “Integrating Environmental Considerations into Energy Systems Development”

BOOKLET

on required skills, competences, ECVET and learning pathways for the most important professions in energy sector.

DOCUMENTARIES

video materials based on Book chapters

e-LEARNING PLATFORM

providing opportunity for long-distance learning using moodle platform
